Gregory Plumb

gdplumb@alumni.cmu.edu

Education

PhD: Carnegie Mellon University, Machine Learning Department - December, 2022
Undergrad: University of Wisconsin-Madison - May, 2017   **GPA:** 3.95
Majors: Computer Science with Honors   Mathematics with Honors

Work Experience

- Machine Learning Scientist, Inpleo. April, 2023 - Current.

Awards

- Winner of the 2015 Dewitt Undergraduate Scholarship from the Department of Computer Sciences, University of Wisconsin-Madison (one award per year, $8000)

Internships

- Microsoft Research: Worked on a novel framework for identifying and correcting spurious correlations in image classifiers. (Summer 2020)

- Amazon: Developed a framework for visualizing and debugging parallel and distributed workflows. (Summer 2016)

- Carnegie Mellon University - Summer Undergraduate Research Experience in Statistics: Worked with fMRI data to identify regions of the brain involved with abstract reasoning. (Summer 2015)

- Clemetric: Developed a Machine Learning framework for determining the quality of streamed ECG data (Summer 2014) and to predict whether or not a patient in a hospital will enter septic shock (Summer 2017).
